M MarkinBOX®

DOT PEEN ENGRAVERS - ELECTRIC UNIT - BENCH-TOP OR PORTABLE

MB3315

MARKING AREA: 330MM WIDE X 150MM HIGH

UNIT DESCRIPTION

The MB8020 is our most popular Markinbox unit.

It has a marking area that is adequate for most customers requirements, reducing unnecessary marking area and keeping the unit cost down.

The unit is easy to place onto large jobs and also suitable for marking smaller parts. It is also suitable for marking cylinders.

PROGRAMMING

Connect to a PC via WiFi, USB or Ethernet Network or integrate into automation system with D.I/O, Ethernet or PLC.

Advanced software is easy to create simple and complex programs & templates for all types of jobs.
