Patmark®

DOT PEEN ENGRAVERS - BATTERY POWERED - FULLY PORTABLE

PATMARK - PLUS

Patmark®

UNIT DESCRIPTION

Marking area of X axis 80mm × Y axis 20mm.

The Patmark Plus is one of the most popular units, offering the same marking area as the MB8020, but fully battery powered and wireless.

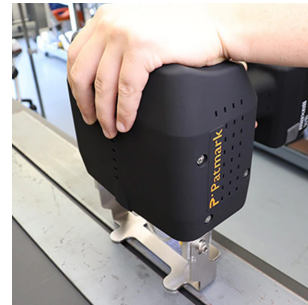

It enables part numbers to be marked at larger sizes and longer strings to be marked in one go - 17 digits at 5-6mm high.

PROGRAMMING

Create template programs for all your jobs and just type in the new data or - you can use the advanced functions to automatically increment numbers or refresh dates.

Program from software on your PC or mobile device on the app.
